

Dear Hiring Team,

I hope you are doing well.

I would like to express my interest in opportunities for Senior Android Developer, Flutter Developer, or Mobile Application Developer roles at your organization.

I have 4.6+ years of experience developing Android and Flutter applications using Kotlin, Java, and Dart. Throughout my career, I have delivered 20+ production mobile applications, published 30+ Play Store apps, contributed to products with over 1.6 million downloads, and currently lead a team of four mobile developers.

My expertise includes Android SDK, Flutter, MVVM, Clean Architecture, Firebase, REST APIs, Room Database, Retrofit, Socket.IO, BLE, Google Maps, payment gateway integration, and Play Store deployment.

I am currently available to join immediately and am looking for opportunities in Ahmedabad, Gandhinagar, or Vadodara.

I have attached my resume for your review. I would greatly appreciate the opportunity to discuss how I can contribute to your team.

Thank you for your time and consideration.

Regards,

Zeel Modh

Senior Android & Flutter Developer
